Greater Toronto Area Chapter Request for Sponsorship

To whom it may concern:

ASPE is a registered 100% volunteer, nonprofit organization made up of volunteers from the plumbing industry. ASPE-GTA was chartered in 2015 with the goal of uniting plumbing engineers in Toronto and the surrounding areas.

Our chapter provides the major communication links and the first line of services and programs for our individual members. At our chapter functions, members can network with others who represent all segments of the plumbing engineering, design, construction, and services industry. Our chapter produces newsletters, we conduct monthly technical meetings, and provide opportunities for education, professional development, and information sharing to help our membership stay abreast of current trends, code changes, and technologies in the plumbing engineering profession.

We rely on corporate sponsors such as yourself to attend, present, and support our events and monthly meetings. These events afford you the opportunity to discuss plumbing issues with specifying plumbing professionals located in the GTA.

However, we constantly face challenges of raising money and acquiring corporate sponsorship to fund our monthly meetings. Our major fundraiser for the year will be our golf tournament and we are presently soliciting companies such as yourself for support.

We would like to take this opportunity to ask for your help in making this day a success by providing products, gifts, vouchers or sponsorship as indicated below.

It would be our pleasure to include your company or organization on our list of "Corporate Sponsors". More information about sponsorship and golf registration can be found on the attached flyer on our website: <http://www.aspe-gta.ca>

Yours Truly,

A handwritten signature in black ink, appearing to read 'Brian Young', is written over a large, stylized, looping flourish.

Brian Young, P.Eng

Chapter President, ASPE Greater Toronto Area Chapter

About ASPE

The American Society of Plumbing Engineers (ASPE) is the international organization for professionals skilled in the design, specification and inspection of plumbing systems. ASPE is dedicated to the advancement of the science of plumbing engineering, to the professional growth and advancement of its members and the health, welfare and safety of the public. All members belong to ASPE worldwide and have the opportunity to belong to and participate in one of the 61 state, provincial, or local chapters throughout the U.S. and Canada.
